Town of Malabar
To the Residents of Malabar
Sheriff's Report.

At the last two Council meetings at which the deputy presented a report regarding common criminal activity in the Town, the most prevalent is vehicle break-ins. You, as a resident have control over this by taking a simple preventative measure, *Remove your keys, lock your vehicle.*

The Brevard County Deputy states that many home owners, particularly in rural areas, do not lock their vehicles when in their drive. Moreover, in many instances they leave the keys to the vehicle, House Keys and garage door openers in the car.

The Deputies strongly advise to remove your keys, lock your vehicle, reduce the most prevalent type of crime, reduce the workload on the Sheriff's office AND MOST IMPORTANT OF ALL -- KEEP YOUR VALUABLES! Don't become a victim.

Doug,
Town Administrator
Town of Malabar
