

14 October 2014

Grant Ball – autobiography:

My family moved to Malabar in 1961 from the Ft. Lauderdale area. I started an auto repair business in Malabar in 1967. That business is still active, although boats are now the main focus rather than cars.

My wife and I recently celebrated our 45<sup>th</sup> anniversary. We have always enjoyed being Malabar residents.

I have served on Malabar's Roads and Drainage Board in the past. In addition, I have served as a member of the Malabar Planning and Zoning Board since March, 2013. I will be resigning from that Board to serve as the Malabar Town Council representative for District 1.
